

ALE Integrated Management System

ALE-IMS-01-HSQE-PLY-002

ENVIRONMENTAL POLICY

The Policy of ALE is to establish, implement, measure and review an Environmental Management System that complies with ISO 14001:2015 'Environmental Management Systems' to control the environmental aspects of the Company's activities.

Continual improvement and the reduction of environmental impacts are seen as prime objectives to be achieved by the company, and we will undertake our work in accordance with the relevant statutory provisions on environmental management and control, using the best practicable methods outlined in the relevant codes and standards.

The management recognise that they have a key responsibility for ensuring adequate environmental controls. To this end the principles of effective environmental management shall be an integral part of other management functions. ALE is committed to the reduction, within economic constraints, of the environmental impact of its activities.

The Company is also committed to comply with any applicable legal requirements and with other requirements to which ALE subscribe which relate to its environmental aspects.

The Global Managing Director has ultimate responsibility for implementing this policy. However the day-to-day management of environmental issues is delegated to all Regional Directors and Managers who are expected to implement this policy in conjunction with their staff, through the documented Environmental Management System.

The relevant HSQE Manager/Advisor has been appointed to advise, assist and monitor environmental matters, reporting to the Director. The objectives and targets for environmental improvement shall be set by Senior Management and reviewed annually with revisions as appropriate. This policy shall provide the framework for setting and reviewing environmental objectives and targets.

This policy together with the general arrangements and objectives and targets for improvement shall be brought to the attention of all employees, suppliers and sub-contractors used by the company. This policy shall also be made available to the public.

This policy shall be reviewed annually and republished at least every two years.

Mark Harries – Global Managing Director
